Growth & GTM operator building growth loops across acquisition, conversion and revenue analytics, with a focus on paid acquisition and AI automation. Built B2B acquisition systems supporting 300%+ revenue growth in three months. Managed paid campaigns and community marketing.

EXPERIENCE

Gosvea Inc. | San Jose, CA — Jan 2026 - Oct 2026

Growth

- Scaled B2B revenue by 300% in three months by owning B2B acquisition from ICP definition to targeted outreach, HubSpot pipelines, and follow-up.
- Managed an approximately $800K annual media budget across Search and YouTube; improved ROAS by 2-3x and reduced CPC by 30% through keyword refinement, creative testing and tracking improvements.
- Increased Google Ads conversions by 167% and generated 540K impressions across campaigns from Jan to Sept.
- Built an Ads Performance Monitor AI agent connecting advertising data with backend revenue data to optimize campaigns based on historical performance.

Canlah.AI | Remote — May 2025 - Sep 2025

Growth Intern

- Analyzed cohort and regional performance across six markets in R to identify behavioral differences and develop hypotheses for product and growth experiments.
- Combined persona research, competitor analysis and user feedback to inform B2B/B2C segmentation, product positioning and iteration for an AI productivity startup.

EY | Shanghai, China — Jul 2025 - Aug 2025

Core Business Services Intern

- Mapped financial-services workflows in Visio and Excel to identify operational bottlenecks; built profitability and risk reporting models across business units.

SELECTED PROJECTS

Reddit Lead Finder | Open-source growth tool | **GitHub**

- Built and open-sourced an AI workflow for conversation discovery, buying-intent scoring and reply drafting with human review, reducing manual prospecting time by an estimated 80%.
- Created product positioning, landing-page messaging and a demo; authored Reddit content reaching nearly 10K views on a single post.
